[Written for the Roundabout.] An Episode—An Engineer's Story.

BY N. S. C.

"The train's not due yet?
(Up! tell me it's not gone!)
For I have walked from Lancaster,
and feet thence broke down.
There's been a wreck at Bettoville,
and from all that I hear say
Ann is the number that are killed
'Tis and my son today."
"The cars not due for hours now,"
I ventured to explain,
"But I have orders and will run
to-day on extra train
I am starting now and if you care
to risk the trip with me—"
"I have no money, sir, my fare?"
"We'll trust to God you see."
At this the mother bowed her head,
A tear fell on my hand,
"You are a Christian, sir," she said,
"and fully understand
How much I need this help today,
To help me bear my load."
Before we parted we were away,
saying down the road.
That fearful ride shall I forget?
I feel the same thrill now
When memory shows that face all wet,
that aged and wrinkled brow.
She knows her joy as she had said
among the many slain.
But the poor old mother and her dead
I never saw again.

Mr. J. B. Utterback has purchased of Mr. A. Q. Gaines, a lot 100 by 200 feet, on Steele street, between Cross and Campbell for \$600.

This is the regular day for Dr. W. I. Kelly, of Cincinnati, to visit Frankfort and his patients will find him at the Capital Hotel, as usual.

Those who have carefully studied the report of the State Geologist of Ohio on the natural gas question, are thoroughly satisfied that we have it here in as large quantities as in Ohio, and there is every reason to believe that when a well is sunk somebody will strike it rich.

Mr. James Heeney will tear away the old one story frame building on the corner of Second and Shelby streets, which he has recently purchased, and erect a handsome two-story brick store-

room on its site. He will commence work some time next month.

Mr. W. M. Kavanaugh, formerly of this city, has been reporting the proceedings of the Arkansas Legislature for his paper, the Little Rock Daily Gazette, and the House of Representatives of that body passed the following very complimentary resolution at the close of its session on Friday last:

The following, introduced by Mr. Sevier of Ouachita, was spread on the journal of the House:

WHEREAS, Mr. W. M. Kavanaugh, the reliable, courteous and efficient reporter of The Gazette, has discharged his duties satisfactorily to the House, and has endeared himself to the members by making correct and impartial reports; therefore, be it

Resolved, That the thanks of this house are hereby tendered him, and that this resolution be spread upon the Journal.

Tommy Hutchison and Bobbie Craik, two boys about fifteen years of age, left this city Wednesday morning for the far West to hunt "Injuns." They took walker's line, via Shelbyville, as their finances amounted to only about five dollars. Hutch, left a diary, behind giving an account of their adventures the first week out from home, written a week ago. Thursday evening they concluded they had lost no Indians, and returned home.

Messrs. Wakefield & Rice have repaired the damage done to their saw-mill by the explosion of the boiler several weeks ago, put in a new boiler and machinery, and commenced sawing on Wednesday.

The new Lodge of Knights of Pythias effected a temporary organization on Friday night and elected the following officers:

J. D. Kehoe, District Deputy Grand Chancellor.

Thos. B. Macklin, Past Chancellor.
Walker Peters, Cellors.
John W. Milam, Chancellor Commander.

John Stewart, Vice Chancellor.
Henry B. Ware, Prelate.

J. Mac VanDerveer, Keeper of Seals and Records.

Jas. G. Dudley, Master of Exchequer.

Walter M. Franklin, Master of Finance.

Wallace Shelby, Master at Arms.

Delano B. Walcutt, Inside Guard.

The membership numbers twenty-four, and the young gentlemen composing the body say they propose to have the crack drill corps of the State.

They will perfect their organization next Friday evening.

The existence of cholera in Panama and the establishment of quarantine in some of the gulf ports, is suggestive ground for an early and complete cleansing of all American cities. Frankfort should not be behind in this matter. Naturally, our city is excellently drained. The Kentucky river pierces the center of the city, and besides the natural drains and artificial sewers, the rock and gravel substratum leads off to the river the mass of decayed matter so injurious to health. Yet, when these drains become choked up and filth accumulates, and when back yards and private premises

are allowed to fairly run over with rotting garbage, trash, dish water and kitchen refuse—disease will find a quick origin and a rapid spread. When the cholera was raging in both Italy and Spain, the utmost activity was seen in France, Austria, Germany, England and other European countries in the way of cleansing and disinfecting. The result was, the cholera advance was checked and its footsteps turned away.

Very little, if any, attention has been paid officially in Frankfort, of late years, to a complete system of health protection. We have no Board of Health, and the city, outside of scraping the dirt from the streets in the busiest portion of the town and some attention to sewerage, has been pretty much left to itself. The back yards that too often reek in filth have apparently been deemed sacred against official intrusion. This ought not so to be. No pains should be spared to make our city as neat as a new pin and as cleanly as a marble floor.

The retaining wall on the upper side of the St. Clair Street Bridge was completed Thursday, and workmen commenced tearing down the old wall on the lower side of the bridge Wednesday afternoon, preparatory to replacing it with a new one similar to that just finished above.

The City Assessor having completed his work of listing city property for taxes, the Council will hold an appeal meeting on Tuesday evening next. The books of the Assessor are now open for inspection at the City Clerk's office.

Frankfort Commandery No. 4, Knights Templar, will probably attend the session of the Grand Commandery, at Dapville next month, in a body and camp out during their stay, as they did during the last meeting of the Grand Commandery in that city nine years ago.

We have seen a specimen of Miss Natalie Sawyer's painting, in the shape of an Easter card, which was exceedingly beautiful, and shows that the young lady has great talent in that line, and ere long will take high rank as an artist.

A new and comfortable public school building is being erected in Leestown under the direction of the efficient trustee of the district, Mr. Jas. A. Murray. Mr. Gus Shaefer is the contractor, and of course the work will be well done.

The machinery to bore the gas well for the Frankfort Heating Company arrived in this city Monday morning, but as the company were not ready to go to work, it was reshipped Thursday afternoon to Nashville.

It having been rumored in this section that the bottom had fallen out of the boom in Wichita, Kansas, real estate, Capt. J. N. Abrams, of this city, wrote to Mr. J. F. Johantgen, formerly of Henry county, who is in the real estate business in that city, and received the following letter in reply. Capt. Abrams says Mr. Johantgen is a perfect gentleman, whom he has known for years, and is thoroughly reliable. Read what he says:

WICHITA, KAN., March 29, 1887.
Mr. J. N. Abraham:

DEAR FRIEND:—In response to your question in regard the bottom having fallen out of Wichita real estate will just say, there is not one word of truth in it. On the contrary we added 3 new men to the force in our office last week.

I enclose a deed for 4 Sunnyside lots sold for \$1,000 cash, \$400 profit on a \$600 investment isn't bad for ninety days. Will get \$1,200 for the 4 on the corner that also cost \$600. I refused \$3,600 for your \$2,400 investment made Feb. 10th; will get \$4,000. I also refused \$600 for your \$600 investment in the Linwood, and a party is going to-day to look at your Topoka property at \$6,000. A fair profit on \$4,000 in 30 days' time.

Am very confident of doubling all your money you sent me by June. All in usual health.

Your friend,

J. F. JOHANTGEN.

Mr. Geo. Frazier, who resides near Leestown, in this county, has a mule whose head, from base of lower lip to tip of ears, measures three feet exactly. Whilst a long-headed animal in physical structure, he is not specially noted for intellectuality, beyond the usual mental reservation common to all his race, of waiting sometimes for several weeks to get a chance to kick somebody. Mr. Frazier says he is a "Mugwump," and subject to fits of despondency over the condition of public affairs, during which time his head measures three feet six inches or more, caused by an elongation of the under lip. These spells of depression are more likely caused by the recollection that mules, like men, are mortal.

One night twenty-eight years ago Mrs. S. J. Bohannon, in walking about her room, stuck a cambric needle in her right foot, which could not be extracted and worked up into her limb. It has continued to travel all the years since then, and on Thursday evening made its appearance in one of the toes of her left foot, having passed up her right limb and the right side of her body, across the shoulders, and then down the left side and limb into the left foot, working out in the toe as above stated. It has given her great pain at times, and some years ago she felt it in her right arm, and then thought it would come to the surface, but it worked back up into the shoulder.

River.

The steamer Hibernia left for Louisville on Friday with a good trip. S. V. Pence, Master; W. F. Belser, 1st clerk.

Mr. Jack Long is agent for the Steamer Hibernia in this place, and will be glad to furnish any information to shippers in regard to her.

Mr. William F. Belser, first clerk on the steamer Hibernia, has returned to his post of duty after attending the funeral of his cousin, William Fricker, who, died in Nashville. He belonged to the U. S. Mail service, and stood 100 in his examination. Was a member of Knights of Honor and Knights of Phythias, and also a member of all railroad orders. He was buried with all the honors due one so worthy, and was beloved by all who knew him.

That old time and hackneyed nuisance, the town hog, has begun his spring tricks of opening gates and invading gardens. He is evidently just getting his hand in, or his nose in, so as to be prepared for the juicy and succulent diet afforded by green peas, early beans and other garden sass. Like the sacred cow or the white elephant, in other lands, the town hog is a venerated and fearless object of municipal worship and protection.

It is believed by some that a large amount of money lies buried somewhere near Lock No. 4, placed there by early settlers, two brothers, one of whom was killed by Indians and the other frightened away. He afterwards came back, but had lost his eyesight and could tell no one the exact spot where the treasure was buried. Every spring one of our old citizens goes down and digs for it.

Col. R. H. Taylor sold on Thursday of last week, for Mrs. M. J. Dudley, a lot on Second street, 50 by 190 feet, to Mrs. Ada Garrett, for \$500 cash, and on yesterday the lot adjoining the above, 50 by 140 feet, for Mrs. Col. Jouett, to same party, for \$550. Mrs. Garrett will commence the erection of a residence upon the ground in a short time.

Miss Ida M. Crockett gave an elegant entertainment to her young friends at the residence of her brother-in-law, Mr. Wilder Dupuy, near Bridgeport, on Thursday evening. Several young gentlemen from this city went out and report having enjoyed themselves immensely.

Miss Maggie Branch entertained her young friends in handsome style at the residence of her father, near this city, on Thursday evening. Quite a number were in attendance, and all had an exceedingly nice time.

Mr. John Will. Johnson has secured a position with a hardware house in Chattanooga, Tennessee, and left for that place Wednesday afternoon to enter upon the discharge of his duties.

Col. Ike Wingate will commence selling out his stock of merchandise, at Woodlake, on Saturday next, at cost and at auction, having determined to quit merchandizing.

Spring fever days have arrived at last. Premonitory symptoms of the disease were exhibited numerously yesterday.

City Marshal J. M. Stephens was the recipient of a handsome gold watch and chain yesterday, presented by his wife.

Eminence is working up an interest in the natural gas question and it looks like a well would be sunk there in a short time.

Those who were first to begin gardening this season are not altogether satisfied with their sprightliness. The slow-goers are smiling serenely.

Rev. Sam Jones, the celebrated Evangelist, will preach at the Holcombe Mission in Louisville, to-morrow afternoon at three o'clock.

Mr. W. J. Hughes has resigned as Councilman from the First Ward, and the Council on Thursday morning elected Mr. W. H. Posey as his successor.

Judge W. L. Jett has entered his Lisbon colt in the combination sale of Messrs. Woodward & Harbison, which takes place in Lexington next month.

The First Colored Baptist Church has received about one hundred and twenty converts during their protracted meeting, who will be baptized in the river next Sunday afternoon.

The lower mitre sill of Lock No. 4 having been undermined by the high water this spring, the snagboat Kentucky will pump out the lock pit in a few days so that the damage can be repaired.

One of the most surprising problems in railroad history in Kentucky is the singular neglect of the Louisville & Nashville road to complete the short gap in the air line from Frankfort to Louisville. By constructing eight miles of road from Hutton to Shelbyville a long, devious detour, by way of Lagrange, could be avoided, and much time saved. Perhaps the L. & N. is waiting for the C. & O. to complete a parallel and competing line and thus make time an object.

The Odd Fellows of this city will celebrate the 68th anniversary of Odd Fellowship in America on Tuesday, the 26th inst., by a procession, speech, poem, music and banquet. The speech will be delivered by the young and brilliant presiding officer of Capital Lodge, Col. Jas. A. Murray, and the original poem will be read by the gifted and poet-laureate, Hon. Thos. B. Ford. All of the Odd Fellows in the county, both residents and visitors, are invited to participate on the interesting occasion.

DIED.

At the residence of her husband, near Jett station, this county, April 28, 1887, Mrs. VIRGINIA C. CRUTCHER, wife of Wm. Crutcher, Esq.

STRAYED OR STOLEN.—A gray mare about 16 hands high, 10 years old, smooth limbed, and thin in order. The finder will please return her to WM. TURNER, on the Leestown pike, suburbs of Frankfort, and be liberally rewarded. 30-1t.

FRANKFORT ROUNDABOUT.

Entered at the post-office at Frankfort, Kentucky, as second-class matter.

GEORGE A. LEWIS.

Editor and Publisher.

FRANKFORT, APRIL 9, 1887.

We are authorized by Judge W. P. Bush to say, that everything in regard to the new railroad from this city to Georgetown and Paris is favorable. So we may expect the railroad question to be booming in a few days. Let it come, for we need something to liven up the old town badly.

The Railroad.

There seems, just now, a sort of breathing spell in the progress of railroad matters. The failure of the parties, whose financial ability was looked to to perfect the plans of the local communities, to put in an appearance at the time agreed upon, has proven something of a damper.

This need not, however, block the active and vigorous efforts of our people to find outlets for our products, and inlets for what we buy abroad. If one plan fails to render satisfactory results, others can be tried. Yet, the disappointment may only be temporary, and the capitalist interested in the completion of the Frankfort, Georgetown and Paris Railroad may be busily engaged in perfecting plans for its construction.

The road will be built, sooner or later, and if the present charter owners and their capitalists do not find it convenient or to their interests to presently push the enterprise, other charters can be obtained and a new beginning made.

We are not without hope that the movement recently begun will be quickly taken hold of again, and satisfactory results attained.

Death's Record.

MRS. VIRGINIA C. CRUTCHER.

Wife of Mr. Wash Crutcher, a prominent farmer of this county, died at her home, near Jett's Station, on Saturday afternoon, after a brief and painful illness. She was a devoted wife and mother, a kind neighbor, a true friend, and a devoted Christian. Her death was a crushing blow to her fond husband and children, who have the sympathy of a large circle of friends. The funeral took place from the family residence, on Monday afternoon, and the large gathering of neighbors and friends gave ample proof of the high esteem in which she was held by the community in which she lived. The remains were interred in the cemetery at Grassy Springs Church, and were followed to their last resting place by one of the longest funeral processions ever seen in this county.

MISS HELEN LINDSEY.

Eldest daughter of Mr. John B. and Mrs. Helen Lindsey, died at the family residence, on Wapping street, at nine o'clock Tuesday morning, after a long and painful illness. She had been in delicate health for several years, and had spent the last two winters in Florida in hopes that the climate would be beneficial to her; but a few weeks since she began failing so rapidly that it was thought best to bring her home, and she only arrived here on Thursday morning

of last week. She stood the trip well, but soon grew worse and sank gradually, until death came to relieve her from pain. It is sad that one so bright and joyous should so soon be cut down—the pride of fond parents and the pet of the household to be called away at the very threshold of life. She was universally beloved by all who knew her, and the centre of a large circle of friends, who deeply mourn her loss. The funeral took place Wednesday afternoon from the Episcopal Church, of which she had long been a member, and was largely attended, the floral offerings being numerous and exceedingly beautiful in design.

Public Speaking.

Speaking each day at two o'clock, p. m.

Real Estate Transfers the Past Week.

Riley Brewer to Henry Rodgers, county, 12½ acres, \$650 Mary Dudley to Mrs. A. Garrett, South Frankfort, vacant lot, \$800. Ellen Owens to A. H. Wagner, city, vacant lot, \$300. Jerry Washington to Mrs. L. Thomson, South Frankfort, lot, \$150. Reuben Taylor to same, lot five feet front, Murray street, \$15.

The "jockey lot," or "swapping ground," on County Court days, has become a nuisance and ought to be abated. Some of the roughest characters in the county and city meet with the crowd which congregates there on the first Monday in each month, and while trying to drive a trade for some of the miserable horse frames that are brought there, make the air blue with their oaths and obscene language. Often these sharp traders come to blows, and at times such weapons as pistols, knives, sheep shears and clubs play a conspicuous part. On Monday the crowd was unusually noisy and the residents of that section of town complain loudly of their conduct.

It having been stated in the Courier-Journal that the proprietor of the Kentucky Military Institute had purchased the Nichols place, near Louisville, would erect suitable buildings upon it and remove the school there, Gen. R. T. P. Allen wrote that paper on Monday that it was a mistake, and that the K. M. I. would still continue to do business at the old stand near Farmdale, this county.

Mr. Ben. Morrison, who resides on Mr. J. T. Staten's farm, two miles and a half from this city, on the Louisville pike, shot at a dog Saturday morning with an old-fashioned single barreled pistol, when the barrel of the weapon burst and tore the end of the index finger of his left hand so badly that amputation at the second joint was necessary. The shot killed the dog however.

The U. S. Snag boat Kentucky returned Wednesday morning from Beattyville, having been engaged in removing obstructions from the river between Lock No. 5 and that point during the past month.

BORN.

In this city, on Friday, April 1st, 1887, to Mr. Jas. M. Hulman and wife, a daughter.

MARRIED.

DIED.

Near Petersburg, this county, on Saturday, April 2d, 1887, Mr. JAMES HARRISON.

Near Harp, this county, on Monday, April 4, 1887, an infant daughter of S. M. Shuck, of Belmont.

In this city, on Tuesday morning, April 6th, 1887, Miss HELEN LINDSEY, daughter of Mr. John B. and Mrs. Helen Lindsey.

In Louisville, on Tuesday morning, April 6th, 1887, at 6:30 a. m., Miss JAMES A. ANDERSON, sister of John H. Grady, in the 33d year of her age.

At the residence of her mother, on Logan street, on Thursday, April 7th, 1887, Miss ELEANOR WILLIAMS, after a lingering illness with consumption.

FOR REPRESENTATIVE.

We are authorized to announce C. M. HAWKINS as a candidate for Representative of Franklin county, subject to the action of the Democratic party.

FOR REPRESENTATIVE.

Easter eggs "are ripe."

"Arbor day" was not celebrated in this locality.

It was so cold on the first of April the usual jokes were frozen up.

Fewer houses are going up in this city this spring than for many years.

There will be a wedding on the 21st—a South Side gentleman and North Side lady.

A young farmer near this city will soon wed one of the South Side young ladies.

It has been suggested that the 100th anniversary of the publication of the first paper in Kentucky be celebrated at Lexington on the 11th of August. The Kentucky Press Association should take hold of the matter and make it a grand success.

Capt John E. Abrams, of the Steamer Grace Morris, was nominated for the Legislature in Henry county, over Hon. W. P. Thorne, on Saturday, by a majority of 393. Mr. Thorne represented the county in the last Legislature, and sought an endorsement.

Anyone acquainted with our city cannot fail to have noticed, within the past few weeks, the absence of many who were once familiar on our streets. This is especially noticeable among our mechanics and workmen generally, as numbers of them have left to obtain employment in other cities and other States; while the favorable reports sent back by those already gone have caused many to prepare to leave in the near future. Mechanics in the building trade say that never, within the last twenty years, has there been less work at this season of the year or duller prospects ahead. Young men living in the country who are charmed with city life and contemplate moving to town should make a note of this and secure employment before coming to Frankfort.

Whitewash and paint brushes, mixed paints, all at rockbottom prices from Gray & Church.

The Frankfort Natural Gas and Oil Company filed articles of incorporation with the County Clerk Saturday and effected an organization by electing the following officers:

Postmaster John Hall distributes more copies of the *Roundabout* than all the other papers combined.

The leading business houses are those of Hall, Williams and Violet, who have an extensive trade with the farmers.

The counters of Messrs. Hall and Williams are daily lined with customers, from early twilight until long after dark.

The hum of machinery at the mills of Esquire D. Bailey reminds the tourist of some manufacturing village up in New England.

Maj. Tracy opens his eclectic business school with about 40 pupils, which bids fair to double that number after the weather settles.

The editor of the *Western Argus* will please to accept thanks for the free distribution of late copies of his brilliant and spicy newspaper.

A car load of spring goods from the East has just arrived for Mr. James Williams. This is the largest consignment of stock ever brought to Flag Fork.

Mr. Albert Violet, the popular pharmacist, has just opened an elegant drug store, which promises to be one of the most complete inland stores in the State.

A grand union Sunday-school opened its doors to saint and sinner on last Sunday at three o'clock. A series of rich vocal and instrumental music will accompany the school throughout the season.

Prof. James Hulett, the merchant prince of Tioga, will be solicited to teach the next public school here. His last school was not only the best, but the only school of a high character ever taught at the Fork.

"Arbor Day" was strictly observed here, in obedience to instructions from the esteemed Superintendent, Thomas Hunter, but the snow lay so deep and the ground was so firmly frozen, that it was not a genial day for planting shade trees in the school yard, so the planting was a complete failure.

Strange any one could doubt Zeke Yocum's politics after reading his letters. They show him to be solidly Democratic. That's right, Zeke. With the Holy Bible and the Democratic platform for guides you can't go wrong.

Our village is billed with Dr. B. F. Duvall's speaking appointments. As there is nothing in the bills to show whether he is subject to the action of the Republican or Democratic parties, the opinion prevails that he is a Prohibitionist.

The members and friends of

Pea Ridge Sunday-school are requested to meet at the school-house to-morrow at two o'clock to organize a Sunday-school.

Though different opinions of the various religious bodies prevail here, there is but one opinion in regard to Sunday-school—solidly favorable.

A doctor and a lawyer were once candidates for the Legislature. The lawyer's friends said, now let us put our man where he will do the most good, in the Legislature to make laws. But the doctor had friends, staunch and numerous, who said, Not so, but we will elect our man, and place him where he will do the least harm. The people saw the point, and elected the doctor, who faithfully devoted his time and abilities to the people's service. A rapid decrease in the death rate of the county was noticed at this time, so that by the end of the doctor's term the population had increased so much as to entitle the county to two members. The people then elected both doctor and lawyer, forming a combination nothing mortal could resist—physic and law.

The paragraph in the *Western Argus* last week about monkeys being learned to farm at Benson, was doubted by some of our people, but upon investigation they found it true. The monkeys are cheaper than men, as they work for nothing and furnish their own clothes; they chop, haul and plow. Being provided with four hands, they do a lot of work, especially on the hill sides, where they lay on their sides and use two hoofs in the corn. They have been seen by the candidates as to how they intended to vote. As they cannot talk, they have printed cards with yes, no, mon key, &c., and answer questions as follows: Are you going to vote? Yes. Are you a Democrat? No. Are you a Republican? No. What are you then? Monkey? Are you for Scott? No. Are you for Duval? No. Who are you for, then? Monkey.

We intend to have a nice Sunday school this year, if we possibly can, as very little interest was manifested the past six years. I hope all will be present. Come one, come all, and let us have a Sindy school.

Educational.

Miss Mollie Arnold is teaching at Switzer.

We learn that the teachers are out hunting the best schools for the next school year. We would remind trustees that they have no power to make a contract until after the 30th of next June, and if made before that time is void.

Mrs. Allie Jones has a good school at Fox Gap school-house. This is her 13th year in that neighborhood. Would that every district in the county, when they get a good teacher, would keep them. It is this constant changing that injures the schools.

Our remarks on the burdens of the "Little Ones" in this city seems to have caused a good deal of comment on the subject, nearly all of which was favorable. Even some of the children have thanked us for that item. We hope something will be done yet.

Why are the children not allowed to enter the school building or grounds until twenty minutes of nine, and yet if they are not there at nine they are marked for it. Who made this rule, and what is its object? Must the children stand out in the rain and cold until invited to enter. "Frankfort's Free Gift to All Her Children."

Persons intending to teach in the public schools must have a certificate for every day they teach or lose the time. Don't begin and teach a few days or weeks and then come and be examined. You might fail, and even if you pass, the time taught can not be counted. Besides, trustees perjure themselves, and are liable to a fine for employing a person without a legal certificate. "A word to the wise is sufficient."

There is another matter in connection with our City School that should be agitated, viz: There should be at least two male teachers in it. We have the finest public school building in the State, and it should be our aim to make the school the best in the State, or at least make it good enough for the best, so that our citizens will not have to send their sons and daughters off to other schools. This can be done without its costing the city a dollar more than it does now. Think over it, talk about it, and let the next session open with at least two well qualified male teachers. Co. Supt.

Rev. Dr. J. M. Lewis has been unanimously called to the care of the Cane Run Baptist Church in Fayette county, and will probably accept. In the event he does, he will resign his charge at East Hickman.—*Midway Clipper*.

Its Delicacy of Flavor

And the efficacy of its action have rendered the famous liquid fruit remedy, Syrup of Figs, immensely popular. Blood and Money.

The blood of man has much to do in shaping his actions during his pilgrimage through this troublesome world, regardless of the amount of present or expected money in pocket or stored away in bank. It is a conceded fact that we appear as our blood makes us, and the purer the blood, the happier, healthier, prettier and wiser we are; hence the oft-repeated interrogatory, "How is your blood?" With pure streams of life-giving fluid coursing through our veins, bounding through our hearts and plunging through our physical frames, our morals become better, our constitution stronger, our intellectual faculties more acute and grander, and men, women and children happier, healthier and more lovely.

The unprecedented demand, the unparalleled curative powers, and the unmistakable proof from those of unimpeachable character and integrity, point with an unerring finger to B. B. B.—Bottanic Blood Balm—as far the best, the cheapest, the quickest and the grandest and the most powerful blood remedy ever before known to mortal man, in the relief and positive cure of Scrofula, Rheumatism, Skin diseases, all taints of blood poison, Kidney complaints, old ulcers and sores, cancers, catarrhs, etc.

B. B. B. is only about three years old—a baby in age, a giant in power—but no remedy in America can make or ever has made such a wonderful showing in its magical powers in curing and entirely eradicating the above complaints, and gigantic sales in the face of frenzied opposition and would-be moneyed monopolists.

Letters from all points where introduced are pouring in upon us, speaking in its loudest praise. Some say they receive more benefit from one bottle of B. B. B. than they have from twenty and fifty and even one hundred bottles of a boasted dejection of inert and non-medicated roots and branches of common forest trees. We hold the proof in black and white, and we also hold the fact.

All who desire full information about the cause and cure of Blood Poisons, Scrofula and Scrofulous Swellings, Ulcers, Sores, Rheumatism, Kidney Complaints, Catarrhs, etc., can secure by mail, free, a copy of our 32-page Illustrated Book of Wonders, filled with the most wonderful and startling proof ever before known.
